

MIRAY MEDIKAL, founded in 2005 Bursa, is an innovative company that specializes in the field of Ophthalmology. Our products are manufactured using the highest levels of care and precision at our state of the art manufacturing and R&D lab facility with advanced technology machines and equipment.

Our quality Management System is documented through Certifications EN ISO 13485:2012, ISO 9001:2008 and 2195 CE.

Honest, principled and fast service concept of Miray Medikal proves that human health is at the core of our business values.”

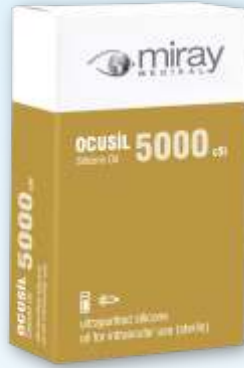

OcuDEKA Decaline®
Ultrapurified,
100% Fluorinated
Perfluorocarbon Liquid
for Retinal Surgery

Ocusil Silicone Oil® is
a medical grade purified
silicone oil intended for
prolonged after surgical
treatment for severe
retinal detachment.

Ocusil Silicone Oil® is a medical grade purified silicone oil intended for prolonged after surgical treatment for severe retinal detachment.

Packing

Ocusil Silicone Oil

1000 cSt/5000 cSt
1,401 - 1,405 at 25 °C
0,973 g/cm³ at 25 °C
10 ml in vial
15 ml in vial
10 ml in syringe

Features

Excellent chemical purity
Reliable long term tolerance
High emulsification resistance
Reduced incidence of complications
Steam Sterilized

OcuDeka Decaline®

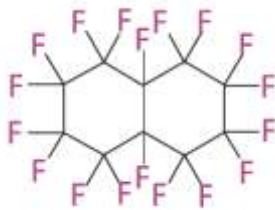

Ultrapurified, 100% Fluorinated Perfluorocarbon Liquid for Retinal Surgery

OcuDeka Decaline

C₁₀F₁₈
1,908 g/cm³ at 25 °C
1,313 at 20 °C
100% fluorinated perfluorocarbon
142 °C
5 ml in vial
7 ml in vial

Features

Biocompatible
Chemically and physiologically inert
Efficient retinal unfolding and stabilization
High specific density
Steam Sterilized
